

# *HIV Drug Assistance Program (HDAP)*

Do you care about someone who tested HIV Positive?

The **HDAP** program can help.

Everyone can get help paying for medication or insurance.

HIV/AIDS affects many people in our community. But help is available.

## **Get Care**

The HDAP Program can help to pay for:

- Prescription medications and/or
- Health insurance plans and
- Health insurance co-payments

Anyone can apply, even if they are not citizens of this country. A counselor will help you with the application. All information is confidential.
